TRUSTEES' REPORT

Distributions

Distributions paid during the 2014 financial year are made to Deductible Gift Recipients (DGR) of \$280,000 (2013:\$109,843)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

1 Statement of Significant Accounting Policies

The financial statements cover Telco Together Fund as an individual entity. Telco Together Fund is a trust, established and domiciled in Australia.

Basis of Preparation

The Fund is not a reporting entity because in the opinion of the directors of the Trustee company there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, this 'special purpose financial report' has been prepared to satisfy the Trustee's reporting requirements under the Trust deed and the Australian Charities and Not-for-profits Commission Act 2012.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial report has been prepared in accordance with the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of Australian Accounting Standards AASB 101 'Presentation of Financial Statements', AASB 107 'Statement of Cash Flows', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors', AASB 1054 'Australian Additional Disclosures', AASB 1031 'Materiality' and AASB 1048 'Interpretation of Standards'.

The Fund is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 30 September 2014 by the directors of the Trustee company.

The following significant accounting policies have been adopted in the preparation of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Fund commits itself to either purchase or sell the asset (i.e. trade date accounting adopted).

Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Impairment of Assets

At the end of each reporting period, the Fund assesses whether there is any indication that an asset may be impaired. The assessment will include considering external and internal sources of information, including dividends received from subsidiaries, associates or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the Fund estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members of the foundation as well as accounts receivable from the Australian Taxation Office. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

At the end of each reporting period, the carrying amount of receivables and other debtors are reviewed to determine whether there is any objective evidence that the amounts are not recoverable. If so, an impairment loss is recognised immediately in the statement of profit or loss and other comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

Employee Benefits

Provision is made for the Fund's liability for employee benefits arising from services rendered by employees at the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

Provisions

Provisions are recognised when the Fund has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Bank overdrafts also form part of cash equivalents and are presented within current liabilities on the statement of financial position.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Donations and bequests are recognised as revenue when received.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

All revenue is stated net of the amount of goods and services tax (GST).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014

Account Payables and Other Payables

Account payables and other payables represent the liabilities at the end of the reporting period for goods and services received by the Fund that remain unpaid.

Account payables are recognised at their transaction price. Accounts payables are obligations on the basis of normal credit terms.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing or financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

New Accounting Standards for Application in Future Periods

The Australian Accounting Standards Board has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Fund. The Fund has decided not to early adopt any of the new and amended pronouncements. The Fund's assessment of the new and amended pronouncements that are relevant to the Fund but applicable in future reporting periods is set out below:

AASB amendment	AASB Standard affected	Effective for annual reporting periods beginning on or after	Expected to be initially applied in the financial year ending
AASB 1031	Materiality (2013)	01/07/2014	30/06/2015

The Fund does not anticipate early adoption of any of the reporting requirements would have any material effect on the Fund's financial statements.

Auditing services have been provided by Deloitte Touche Tohmatsu on a pro-bono basis.

The financial report was authorised for issue on 30 September 2014 by the directors of the trustee company.
